## Spot Removal Gun

### Spot Removal Gun KREBS TEX-2

Model: 9911/2

#### Electric Spot Removal Gun KREBS TEX-2

Spot removal with fabrics and garments in a fraction of time. Also suitable for the application of adhesive, slide, grease- and fixing agents, degreasers, machine cleaners etc. Advantages: No price-reductions, no discounts or depreciation because of spots. Fast and economical. With Varia-nozzle (continuously adjustable from needle jet to mist - matching to the treated fabric). Maximum mechanical effect with an optimal solvent power due to a pulsating high pressure jet. Easy handling - almost no training needed. Maintenance-free when applied appropriately. No price-reductions, no discounts or depreciation because of spots. Fast and economical. With Varia-nozzle (continuously adjustable from needle jet to mist - matching to the treated fabric). Maximum mechanical effect with an optimal solvent power due to a pulsating high pressure jet. Easy handling - almost no training needed. Maintenance-free when applied appropriately.

#### Technical data:

Voltage: 230 V / 50 Hz

Rating: 40 W

Output max.: 140 g/min

Piston: chrome plated steel

Pump cylinder: special bronze

Varia nozzle adjustable: with ruby diamond insert

Nozzle extension: bent 45°

Container capacity: 700 ml

Net weight: 1.115 kg

Country of Origin: Switzerland

#### Spot Removal Gun KREBS TEX-4

Model: 9913/4

Spot Removal Gun KREBS TEX-4

The ideal spot removal apparatus for Dry-Cleaners. The KREBS TEX-4 is the only spot removal gun to spray warm soap solution thanks to an integrated heating element which is electronically controlled. Advantages: With Varia-nozzle (continuously adjustable from needle jet to mist - matching to the treated fabric Easy handling - almost no training needed Maintenance-free (wearing parts easily exchangeable - unique service screw).

Technical data:

Voltage: 230 V / 50 Hz

Rating: 40 W

Heating element: 350 W

Working temperature: approx. 80° C

Output max.: 140 g/min

Piston: chrome plated steel

Pump cylinder: special bronze

Varia nozzle adjustable: with ruby diamond insert

Nozzle extension: bent 45°

Container capacity: 550 ml

Net weight: 2.0 kg

Country of Origin: Switzerland
